

INSULTA CORTEINA SUPER

The Corina Super—stand back and admire its design, open a door and you'll find its luxury, a inside and its comfort, touch the accelerator and you'll feel its power take five for a drive, test its economy . . . and then you'll know why the Corina Super is known as the small car with a difference.

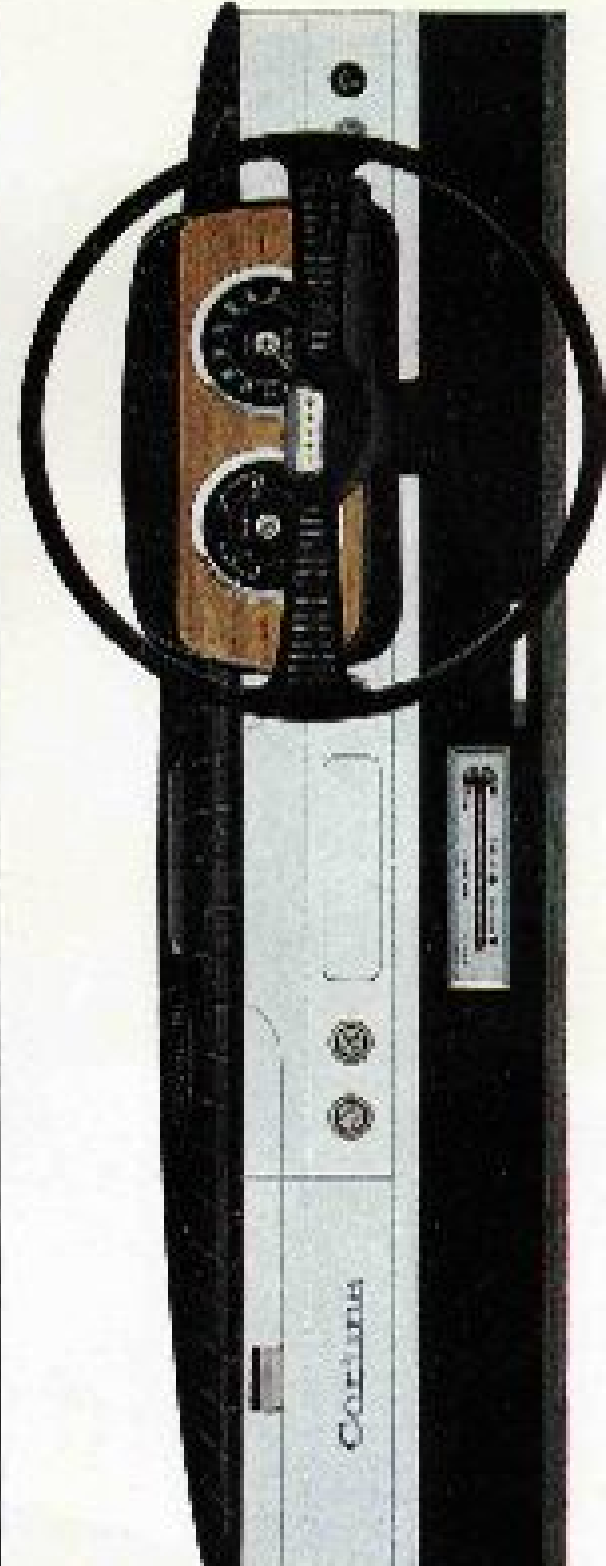

A small car with so much more, the Corina Super succeeds where the eighties truly stalled with its excellent braking system. The 1.6 5-bearing power-plus engine performs smoothly through its 4-speed all-synchromesh gearbox. The instrumentation dashboard is perfect for extra safety. Both driver and passengers enjoy all-round visibility. With unrelieved road holding, the Corina Super corners beautifully, playing instantly to every flick of the controls and touch of the steering wheel.

The comfort of the Corina Super's roomy interior is outstanding in any small car. Plenty of leg room, firm seats, a richly appointed trim, the beautifully finished seats and the beautifully finished leather, all add to the pleasure of the Corina Super. The Corina Super is a motorist's dream. Everything you could want is there, from the packed engine unit to the alloy wheels. The Corina Super requires servicing every 5,000 miles. From the tips of its front fenders to tail-end the Corina Super is a quality pleasure to drive and everyone would be proud to own
